

AMMUNITION

● Ammunition is a design studio dedicated to bringing products and services that matter to market. Founded in 2007, the studio is led by partners Robert Brunner, Matt Rolandson, and Brett Wickens. Our work transforms great ideas into experiences that create an emotional connection with customers and achieve business success for clients including Adobe, Beats by Dr. Dre, Lyft, Obi Worldphone, Polaroid, Square, and Williams-Sonoma.

**With:
Matt Rolandson**
● Partner

● As Ammunition's head of experience design and design strategy, Rolandson has worked closely with the founders of numerous startups and with leaders of companies such as Apple, Skype, Starbucks, Square, and Target. He's appeared as a guest speaker and judge for design industry events and has received awards from Core77 Design, IxDA, Red Dot, and the Web-bys, among others.
